THE SOUTH EAST CENTRE

The South East Centre can trace its origins back to the formation of the MG Car Club in 1930 when the first meeting was held at the Roebuck Inn in Stevenage. The Club was divided into “Centres” in 1933 with the “Main Centre” covering most of the country below Birmingham!

Subsequently this was divided further into the Anglia Centre, Abingdon Works Centre and South West Centre by 1986. The South Eastern Centre as it was initially known then covered Kent, Surrey, Sussex and Greater London which it still does today—although the name has shortened to South East Centre.

Today the Centre supports 13 “Natter” and “Wanderer” groups who organise dozens of pub meets, local runs and events between them. They are the local friendly face of the MG Car Club.

In addition the Centre itself organises many events throughout the year ranging from road runs to visits, gatherings, naviscats and an autosolo. You’ll find a list of events in this guide but head to our website for all the details.

We welcome all types of MG to the club from those made in 1924 to those made in 2024 so whatever MG you own you will be made to feel at home.

MG100SE—This year marks the end of the MG Centenary and in the South East we are celebrating with a huge weekend on 18th & 19th May. It features the “Centenary Six” Road Runs on Saturday which all finish on the lawns of The Fairmile pub in Cobham, Surrey. They will be accompanied by “Cecil Kimber” himself who is on a cavalcade of MGs throughout the UK and welcomed by the President of the MG Car Club, John Day. John will talk about 100 years of MG and there will be a buffet plus mystical entertainment from Magic Marco and jazz from the Jake Fryer duo.

The following day is a full show day at the nearby Brooklands Museum with hundreds of MGs expected, an MG100 competition car display, decades timeline, talks from Jonathan Suckling & John Mayhead, pull an MG Midget competition, Pride of Ownership, Test Hill Runs and live entertainment plus all the exhibits at the Museum itself and the London Bus Museum.

See the MG100SE website for full details and the advert on Page 5.
