AutoSOLO Taster Event

Filching Manor, nr Polegate, East Sussex, BN26 5QA

Saturday 11h April 2026

AutoSOLOs have become an increasingly popular Motorsport entry event and are based around the principles of an autotest, with the main differences being that the tests are run in a forward direction only, with the route indicated by cones/direction indicators. This event has been classified as a Taster event, meaning entry is open to enthusiasts from non-affiliated Motorsport UK clubs.

Venue:-

The event will take place at the ex-Kart Track at Filching Manor, East Sussex, BN26 5QA. The Museum containing Campbell Family Cars and Bluebird K3 will be open.

Organisation and arrangements

It will be an all-day event, with first test commencing at 10.00am and finishing at 4.30pm with entry limited to 40 cars. The event is open to both MGCC members as well as non-members and other SE Motorsport clubs such as Sevenoaks & District Motor Club. The event will be held under a Motorsport UK Permit. It is open to historic as well as modern classic cars.

There will be three test routes, with entrants having three attempts at each test. All tests are timed and the two quickest test times from each route will count to the overall result, less any penalties such as wrong route, hitting a cone, etc. Entrants will be permitted to walk the test route. Double entry for cars is permitted and cars can take part with passengers.

All cars must be driven to the event, be complete with RTA insurance and drivers, other than Juniors, must hold a UK DVLA licence. Minimum age for entrants is 13 if accompanied by a passenger who holds a DVLA licence (Passengers allowed from 12). All entrants and Passengers must have an RS Clubmans licence, obtainable free from Motorsport UK. A video of previous events at Filching Manor can be seen on https://www.youtube.com/watch?v=rCFob6vwq0c. Detailed entry requirements are contained within the event Supplementary Regulations.

To Enter :-

All entries can only be submitted online using sapphire solutions. at:

https://autotest.sapphire-solutions.co.uk/eventdetails.php .
